Updateability – OCPP

This confirms that the following charging systems are updateable with regard to OCPP or IEC 63854 (corresponds to OCPP 2.0.1) and IEC 63584-210 (corresponds to OCPP 2.1).

- AMTRON® 4Business
- AMTRON® Professional
- AMTRON® Professional Twincharge
- AMEDIO® Professional
- Smart T PnC

The updates are planned and implemented internally as part of MENNEKES release and roadmap planning.
